JURY – EVALUATION

Thank you for taking part of the jury!

As a member of the final jury of the **Cisco IoE Student Hackathon**, you are invited to evaluate the final projects in order to honor the most impactful and innovative ideas.

Here are the criteria that should catch your attention in priority. You can use a grade from 1 to 7 for each one of them and add all the points to get the final result of your evaluation. The objective is to help you define the specificities and key success factors of each project.

Each project must be a complete IoE solution defined by the IoE frameworks:

Name of the team : _____

Name of the project / prototype (if different) : _____

- 1- Very poor 2- Poor 3- Below average
- 4- Average 5- Good 6- Very good
- 7- Outstanding
