Agenda Friday

Networking Academy Day @ Cisco Live 2019

- Cisco Live's **Walk-in Self-Paced (WISP)** Labs give you one-of-a-kind hands-on experience on a variety of products and solutions from Cisco.
- Click [here](#) for WISP catalog
 - Main Menu, Click on session Type. Select "WISP"
 - Review all sessions available

The screenshot shows a web interface for filtering WISP sessions. On the left, a blue sidebar titled 'FILTERS' lists session types: Breakout, DevNet, Instructor-Led Lab, ITM, Panel, Product or Solution Overview, Tech Circle, Technical Seminar, WISP (Walk-In Self-Paced Lab) (checked), and Customer Connection Roadmap. The main content area has a search bar with 'Search by Keyword', a 'CLEAR' button, and a 'Show Favorites Only' checkbox. Below, the 'Session Type' is set to 'WISP (Walk-In Self-Paced Lab)'. It shows '1 to 50 of 70 results found' and a list of sessions with expandable '+' icons and star icons:

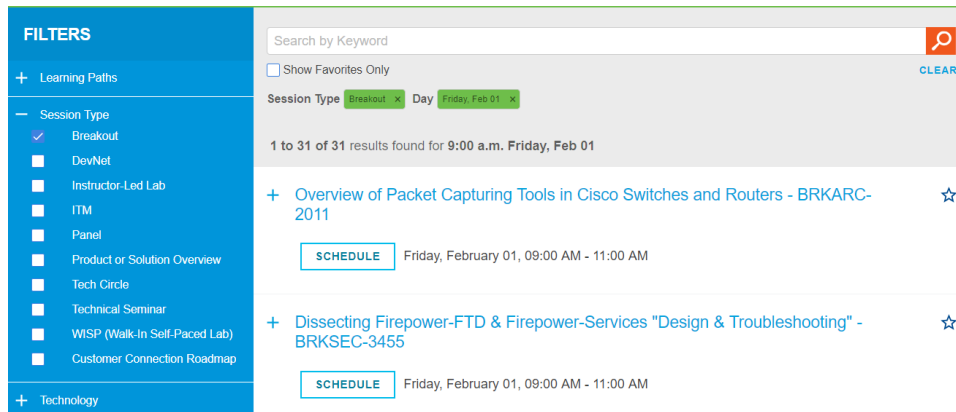

- + 360° of Network Visibility and Security Analytics with Cisco StealthWatch - LABSEC-1669 ☆
- + ACI Micro-segmentation Lab - LABACI-1234 ☆
- + ACI Monitoring, Stats and Analytics hands-on lab - LABACI-2148 ☆
- + ACI Runs Everything - LABACI-2010 ☆

Agenda Friday

Networking Academy Day @ Cisco Live 2019

- **Breakout sessions** offer a prime opportunity to learn more about the Cisco core technologies driving the digital transformation of business from the experts themselves.
- Click [here](#) for Breakout Sessions catalog
 - Main Menu, Click on session Type. Select “Breakout”
 - Main Menu, Click on Day. Select Friday

The screenshot shows the Cisco Live 2019 agenda filter interface. On the left is a blue sidebar with a 'FILTERS' header. It contains expandable sections for 'Learning Paths' and 'Technology'. Under 'Session Type', several options are listed with checkboxes: Breakout (checked), DayNet, Instructor-Led Lab, ITM, Panel, Product or Solution Overview, Tech Circle, Technical Seminar, WISP (Walk-In Self-Paced Lab), and Customer Connection Roadmap. The main content area has a search bar with the text 'Search by Keyword' and a magnifying glass icon. Below the search bar is a checkbox for 'Show Favorites Only' and a 'CLEAR' button. The filter results show 'Session Type' set to 'Breakout' and 'Day' set to 'Friday, Feb 01'. It indicates '1 to 31 of 31 results found for 9:00 a.m. Friday, Feb 01'. Two session entries are visible, each with a 'SCHEDULE' button and the time 'Friday, February 01, 09:00 AM - 11:00 AM':

- + Overview of Packet Capturing Tools in Cisco Switches and Routers - BRKARC-2011 ☆
- + Dissecting Firepower-FTD & Firepower-Services "Design & Troubleshooting" - BRKSEC-3455 ☆
