

# Equipment Discount Program: Asia Pacific, Europe, Middle East, Africa, Russia/CIS, and Latin America

Last updated 15 April 2013

## Program Overview

The Cisco Networking Academy® Equipment Discount Program enables academies to purchase equipment that supports the delivery and hands-on learning aspects of Cisco CCNA®, CCNA Security®, and CCNP® courses at reduced prices.

Note: Cisco reserves the right to modify or discontinue the Networking Academy™ Equipment Discount Program at any time without prior notice or liability. The latest version of this document can be found at [www.netacad.com/group/program/equipment-information](http://www.netacad.com/group/program/equipment-information) (Under Equipment Ordering).

## Program Validity Period

Promotion Name	Region	Validity Period
Networking Academy APAC	Asia Pacific; New Zealand; India	1-MAR-2013 – 30-NOV-2013
Networking Academy EMEA	Central Europe; Europe Austria; Europe France; Europe Germany; Europe Italy; Europe Mediterranean; Europe North; Europe Switzerland; Europe UK	1-MAR-2013 – 27-JUL-2013
Networking Academy EMEA CE	Emerging Central; Emerging East	1-MAR-2013 – 27-JUL-2013
Networking Academy RUSSIA	Russia	1-MAR-2013 – 27-JUL-2013
Networking Academy LATAM	Latin America	1-MAR-2013 – 27-JUL-2013

## How to Order

To participate in the Equipment Discount Program, academies can locate and contact a Cisco® certified Academy Network Partner (ANP) through the [Cisco Partner Locator](#) tool. On the Advanced Search tab of the locator tool, enter the name of a specific reseller and select your country, scroll down to the Additional Partner Programs section, expand the section, check the box for Academy Network Partner, then click **Search**.

After locating an Academy Network Partner, please work directly with them for equipment pricing information and order fulfillment.

Please provide the following information to the ANP:

- Academy ID number
- Academy name
- Academy address, including country
- List of all bundles and quantities you wish to order (see [NetAcad Equipment Lists](#))

## Promotion Eligibility

### Academy Network Partner (ANP)

Only Academy Network Partners (ANP) are qualified to order NetAcad™ equipment at discounted prices on behalf of academies. To locate a certified ANP, please use the [Partner Locator Tool](#).

## Academy Eligibility

To qualify for an equipment discount, an academy must meet the following requirements:

- Currently recognized as an active Cisco Academy
- Currently offers CCNA, CCNA Security, or CCNP courses

Note: It is prohibited for an academy to use discounted equipment for purposes other than teaching the Cisco Networking Academy CCNA, CCNA Security, or CCNP courses (cannot be used for general infrastructure or resale).

The following organizations are not eligible for equipment discounts through this program:

- Academies that do not meet the criteria listed above
- Research institutions not directly connected with education
- For-profit network provision companies or organizations
- Healthcare providers (except teaching hospitals)
- For-profit training companies (except private schools)

Note: We will verify eligibility before approving an equipment discount.

## Products and Services

Only equipment and services recommended by the NetAcad technical team qualify for this discount (see [NetAcad Equipment Lists](#)).

To qualify for the equipment discount, all items within a bundle must be purchased as indicated. No products or quantities can be changed.

An academy is not permitted to order more than the total quantity indicated below per quarter:

- 10 CCNA bundles
- 10 CCNA Security bundles
- 4 CCNP bundles
- 10 of each product add-on

If a request exceeds the maximum number of bundles indicated above, we will need justification from your area academy manager or Academy Support Center.

Discounted services can only be purchased with associated equipment parts or bundles.

## Discount Levels

Please contact your Academy Network Partner for a final quote.
